

Elliot Durán Macedo

Computer Engineer

📍 Estado de México, México ✉️ elliott70@outlook.com ☎️ 55 4815 4693 [in](#) [elliottdm70](#)

Summary

Recent computer engineering graduate with a strong focus on data analysis, programming, and finance. Looking to join a dynamic team where I can contribute through data-driven metrics, **KPI** analysis, and process automation.

Skills

Programming: Python (advanced), SQL (intermediate), VBA (basic), C++ (basic), JavaScript (basic), Java (basic)

Databases: ORACLE, MySQL, SQL Server

Tools: Excel, PowerBI, Looker Studio, Git, Docker, Linux, ETL

Languages: English (fluent), Spanish (native)

Soft skills: Effective communication, Leadership, Proactivity, Resilience, Results-oriented, Continuous learning

Education

BS	Universidad Nacional Autónoma de México , Computer Engineering	Coyoacán, Mexico City Aug 2018 – Nov 2024
-----------	---	--

Experience

Facultad de Ingeniería , Assistant professor	Sept 2022 – Mar 2023 7 months
- Created Excel reports for grade tracking and academic control - Reduced course dropout rates by 50% through student advising - Cut grading turnaround time from one month to one week per assignment	

Projects

Analysis of NVIDIA's Financial Ratios Designed and executed an ETL pipeline in Python to extract NVIDIA financial data, transform it for analysis, and visualize key metrics in a PowerBI dashboard.	Apr 2026 – May 2026
Analysis for the ASOS Store Analyzed over 30,000 retail records with Python and applied a linear regression model to identify products with low inventory turnover.	Mar 2026 – Apr 2026
Banking Data Analysis Conducted a descriptive analysis of 4,000 bank accounts to assess credit risk for loan applicants using Python .	Oct 2025 – Nov 2025
Used Car Price Prediction Implemented a linear regression model to identify key price factors for used cars, achieving 80% accuracy.	Mar 2025 – June 2025

Certificates

- English for IT taught by Cisco
- Applied Data Science with **Python** taught by IBM
- Management Skills Development taught by Facultad de Ingeniería, UNAM
